

FP01 Series

Single Port Fiber Adapter Plate

Adapter Plate Snaps Into
169F, 171F, 506F, 507F,
509F and OD-ONT-ENC
Series Enclosures

Cable Management
For Small Radius Fibers

Strain Relief For
Incoming Fiber Drop

The FP01 Series are single port fiber adapter plates that snap into Tii's 169F, 171F, 506F, 507F, 509F and OD-ONT-ENC Series Fiber Enclosures. The fiber plate functions as a demarcation point for the incoming fiber drop and distribution out to the customer.

KEY PRODUCT BENEFITS

- ▶ Fits into Tii's 169F, 171F, 506F, 507F, 509F and OD-ONT-ENC Series Fiber Enclosures
- ▶ Allows for cable management of small radius fibers
- ▶ Strain relief provision for incoming fiber drop
- ▶ Accommodates two single fusion splice sleeves
