

## FP02 Series

### *6 Port Fiber Adapter Plate*

Adapter Plate Snaps Into  
169F, 506F, and 507F Series  
Enclosures

Cable Management For  
Small Radius Fibers

Strain Relief For  
Incoming Fiber Drop

FP02-01-06

FP02 Series 6 port fiber adapter plates snap into Tii's 169F, 506F and 507F Series fiber enclosures. The fiber plate functions as a demarcation point for the incoming fiber drop and distributes it out to the customer.

#### KEY PRODUCT BENEFITS

- ▶ Fits into Tii's 169F, 506F, and 507F fiber enclosures
- ▶ Allows for cable management of small radius fibers
- ▶ Strain relief provision for incoming fiber drop
